

Judge Coleman Memorial Scholarship 2022

When one looks at the list of all his contributions to LILWA over the years, arguably it would be hard to imagine that the Long Island Liquid Waste Association would be as successful and/or as prominent as it is today without Judge Coleman.

Everyone in the septic industry knew or knew of the Judge and his contributions to our association and the industry. Not only did he serve as a LILWA Board of Director, LILWA Secretary, past President and up to his passing a member of the Suffolk County Septic Advisory Board but he was a giving friend to all.

In the spirit of this man's body of life, LILWA has established a Scholarship Fund to be awarded every year to one or more deserving applicants. Last year your generosity allowed us to grant three separate scholarship awards, hopefully, you will be just as magnanimous this year.

This LILWA benefit is available to all LILWA members and their families and their employees and their families. Each year LILWA starts off the award with a \$1000 donation and follows up with a fund-raising drive January through the end of April.

At least one scholarship will be offered in the amount of \$1500, based on donations. Even during a Pandemic, last year your generosity allowed us to meet and exceed our original goal. Each year the Judge Coleman Memorial Scholarship will be awarded at a Board of Directors meeting in June.

Thank you for your contribution to the future of our industry. Please fill in the information below. We will acknowledge all contributors in our Summer newsletter.
